Dear Sir:

**In the Claims**

No amendments to the claims are presented. A listing of all pending claims is presented below:

1. (Previously presented) An electron gun comprised of a cathode that has an electron emission surface and a first grid that has a beam hole, wherein  
said electron emission surface and said beam hole being arranged opposite to each other,  
and

the area opposite said beam hole within said electron emission surface being in closest proximity to said first grid;

wherein the area opposite said beam hole is a center area of said electron emission surface and is a convex surface to said first grid, and

wherein an electron beam emitted from the emission surface has a converging trajectory.

2. (Cancelled)
